

# This is how you transformed lives in 2021-22

## VOLUNTEERS

**1,140 hours** of online tutoring helping 51 kids build new learning skills and new levels of confidence.

## CAMP & OUTREACH

### 1 new skid steer

digging, grading, dozing, lifting and transporting materials to keep Camp Kindle in tip-top shape.

### 13 families

finding healing and support through our Bereaved Program, sharing in a candlelight vigil at Time to Remember, cooking with their partners during our online Bereaved Family Cooking Class and renewing their spirits at Bereaved Family Camp.

### 484 kids & parents

renewing their spirits during 112 private family get-aways at Camp Kindle.

### 74 delicious home-cooked meals

delivered to 15 families facing cancer.

### 1,500+ participants

enjoying our year-round camp and outreach programs – Glamp Kindle, Family Fun Day at Camp Kindle, Stampede Play Day, equine-assisted learning at ROARR, Halloween Howler, Polar Express, Theatre Calgary's A Christmas Carol and more.

## EDUCATIONAL

### 1,140 hours

of online tutoring helping 51 kids build new learning skills and new levels of confidence.

### 18 laptops & tablets

delivered to families, making online learning possible.

### 208 school kids

developing a greater understanding and compassion for children with cancer through 10 Cancer in the Classroom sessions.

### 22 teens

gaining transferrable life & leadership skills during monthly online and in-person get-togethers – raising funds, volunteering and completing a 3-day cycling trip.

### 11 cancer survivors

following their dreams with a Derek Wandzura Memorial Scholarship at a post-secondary school of their choice.

## RESEARCH

### \$100,00+

donated to the University of Calgary, making research possible and giving kids with cancer a fighting chance.

## THERAPEUTIC

### 100+ kids

connecting throughout the year during 21 child life sessions.

### 120 one-to-one

therapeutic exercise sessions with our PhD exercise specialist helping 30 kids build their muscular and cardiovascular strength, flexibility, and endurance to help ease the long-term effects of cancer.

### 7 kids

learning to manage their anxiety around cancer and its treatments through one-to-one medical play sessions with our certified child life specialist.

### 70 kids

enjoying the rewards of regular exercise through PEER – weekly therapeutic exercise classes online and in-person, hiking, canoeing, kayaking, paddle boarding, rowing, skating, dancing, disc golfing and team sports such as laser tag, soccer, basketball, and lacrosse.
