

Getting started with Zoelnsights

How to start collecting data

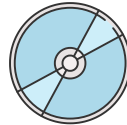

What kind of data should you start to collect?

Lab Results:

AHS MyHealth Records (portal are often limited to hospital data and you can't export it)

Ask the Clerk or nurse for a copy of the information before meeting the doctor.

Diagnostic Imaging CD:

Free if required for a second opinion

In Calgary, AGW24A, Special Services Building, FMC 403.944.1329. Images can be shipped to area hospitals.

Alberta Children's Hospital, Records Management, Room BO-545, 403-955-7395

Stollery Children's Hospital, Records Management, 780-407-6997

GP Records:

The fee guide is \$25 per request.

Some GP allow emailing results with signed consent.

There is little value in doctors notes.

Complete Health Records:

Health Records department, local hospital

ER Discharge

Ask the clerk or nurse for a copy of discharge summary at discharge.

Consent to disclose information form: [LINK](#)

Recommend to grant consent to a caregiver and keep a photo of the form
